The Wisteria entrance is on State Route 684 about halfway between 143 and 692. The sign is NOT extremely obvious.

Campground Rules, X-Day Laws

Registration, Check-In

If you’re reading this, you probably already know that everyone MUST check in with SubGenius Foundation representatives and receive the Electro-Stimulus Negative Reinforcement Bracelet. 15X-Day registration is each day from 1 PM to 5 PM at the Cafe area (after registering with Wisteria and paying your camping fee.)

Important — Johnny Law

If it’s illegal in the Conspiracy’s world, it’s still illegal here. Under-age drinking, false drugs, and especially assassination are not permitted. Wisteria has its own security, and if you see them patrolling, DO NOT FLIP OUT. If you do need help, you should find a Wisteria staff member or a SubGenius Hierarchite, easily summoned from the office trailers in the center of Wisteria.

The state police may drive through Wisteria. They are probably just looking to buy “Bob” t-shirts. If you don’t dance around in front of them being illegal, they will show you the same respect.

Fireworks are illegal in Ohio.

Emergency First Aid

Please attempt to handle any minor injuries yourself, but if you feel you need a professional, don’t hesitate to ask at Wisteria main office (or any SubGenius Hierarchite carrying a walkie-talkie or a Big Stick) for assistance. They will be ready to help.

If you do NOT want your image to be used in X-Day promotional documentaries, you must inform Rev. Stang or SubGenius Authorities, and also you should lurk unobtrusively in the background. Otherwise it will be assumed that you won’t mind being seen online or in an X-Day documentary. Likewise, you do not need our permission to photograph or videotape an event, but you should exercise common courtesy and make sure the person you’re photographing doesn’t mind. We reserve the right to destroy the equipment and confiscate the recordings of dipsh*t medigraphers who irritate the staff, performers or audience. That holds true for any type of dipshit. We’ll confiscate your presence.

Trash

We want the Earth to be pristine when we destroy it. Also, we love to make the pagans look like litterbugs by comparison. Please don’t leave cans, bottles, cig butts or ‘Frop sticks around. Trash bins are everywhere, and dumpsters are at the Wisteria entrance. Please carry your trash out. We know that the Earth will soon be one gigantic flaming oil slick, but in the meantime we beg your indulgence.

Slack-Barter

We need Physical Labor Help and you can earn back your Registration fee by working it off. 3 hours of labor = half your registration; 6 hours gets you all $35 back. Ask Pisces about such duties.

BullDada Auction

Bring your BullDada to sell off in the name of the Church! And be ready to spend money. One SubGenius’s hateful unwanted crap is another SubGenius’ beloved belabored postmodernist inadvertent camp masterpiece.

Annual SubGenius Migration to the Ohio Breeding Grounds

Warning:

All employees of the US Government must present identification to register before entering these grounds. All electronic recording devices and weapons must be presented for inspection prior to entry.

Nakedity

Wisteria is a clothing optional campground, although you can’t run around naked by the road and Registration. Most nice-looking young people seem to remain clothed. However, you may see the occasional senior going “sky-clad.” Try not to laugh. This is their ethnic cultural custom. Unlike in many national parks, however, you are allowed to feed the naked seniors.

Ranters/Bands

This schedule is malleable. If you want to perform on stage in some manner, there will be a sign-up sheet near the main stage. Those needing amplification or stage space should please present Petriest Pieces regarding best times or spaces in which to perform.

Video/Audio

If you do not want your image to be used in X-Day promotional documentaries, you must inform Rev. Stang or SubGenius Authorities, and also you should lurk unobtrusively in the background. Otherwise it will be assumed that you won’t mind being seen online or in an X-Day documentary. Likewise, you do not need our permission to photograph or videotape an event, but you should exercise common courtesy and make sure the person you’re photographing doesn’t mind. We reserve the right to destroy the equipment and confiscate the recordings of dipsh*t medigraphers who irritate the staff, performers or audience. That holds true for any type of dipshit. We’ll confiscate your presence.

**SCHEDULE**

The greatness that is X-Day lies not in what is planned but what is NOT planned. Anyone can be a participant and performer. It's just that if you're really bad, you might be killed or punished in some worse way.

Clean-up of Wisteria on Stang's Escape Planet
Go back to your own sources. Clean-up of remaining humans on Earth.

Starwood Festival will be held starting Tuesday at Wisteria on Stang's Escape Planet. The Grand Canyon, The British Museum and other Earth attractions claimed by Stang will also be open for visits, parties.

Helpful Hints:
We can take credit cards for registration and swag, but it is a big hassle and we MUCH prefer cash. There is an ATM at Wisteria. Wisteria also has a nice cafe, a small general store, drinking water, cell phone recharging stations, compost buckets for food scraps, wastewater barrels (for after dishwashing), WiFi, a pay phone for outgoing or collect calls (cell phone reception is IFY). MANY porta-potties, a new shower house with private stalls, and they sell firewood. (Do NOT being firewood from outside due to invasive bugs.) Use the many communal fire pits; don't dig your own. Bring a campstove if you want to cook. Pets are NOT allowed. Wisteria will probably provide a hand-out with additional rules and suggestions. It is a huge area with many hiking trails. We suggest Athens for shops, laundry, restaurants, motels, etc.; it's only 16 miles away and very nice. Pomeroy is... small.

A MESSAGE FROM DR. K TADEN LEGUME

Nobody likes to talk about this. No, wait, that's wrong... it's that other thing. EVERYBODY likes to talk about this.

I speak, of course, about shitting.

Everybody does it. However, when you get to X-Day, you may well find that you won't do it. You've been on the road for a few days, eating at Burger God Hunger Junker (or worse, 7-11), and you've made it finally to X-Day? You're excited, you're happy to see old friends and make new ones, and your natural schedule of eating, sleeping, drinking, and pooping everything else is sud- denly altered significantly. You may not notice at first, but then suddenly you'll feel a rumble from deep in your lower abdomen on the third day of the event. You'll grimace, and then start counting on your fingers trying to remember the last time you took a shit. Suddenly, you will bolt upright and make an awkward exit from your circle of friends and make a fast beeline for the nearest Excre... uhm... exit.
